腓立比書 2:11 | Philippians 2:11

## **Rick and Deb Carey:** **Guatemala, Central America**

What comes to your mind when you think of the word TEAMWORK? Teamwork doesn't come from having a perfect team and perfect programs, it comes from giving our best and trusting a perfect God to do above and beyond what we are able!

### **Run: Hope Education is Growing**

We were thrilled to welcome the teachers to a retreat center not far from our H.O.P.E. offices in March for our annual conference. The purpose of the conference is to encourage and equip teachers for another school year, giving them practical teaching activities and resources. This year we have close to 350 students who are supported by this ministry. Thank you for your support that has made it possible to strengthen our teachers and to allow these kids to attend school.

We also want to highlight the achievement of Catarina, our first Run:Hope sponsored female Ixil teacher to receive her University degree in Education this month. We are especially proud of Catarina's hard work and celebrate this amazing milestone with her.

### **The Bible Leadership Program is Growing**

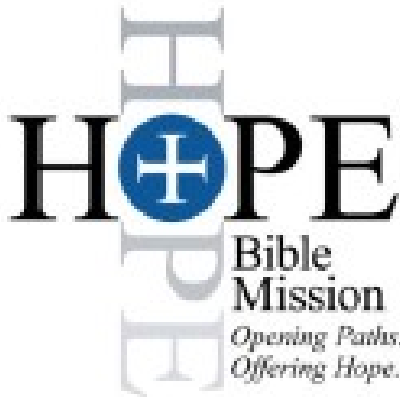

Teamwork is evident in the Bible Leadership program as two new classes have been added this year. In Xemac/La Perla there previously had been misunderstanding and disunity that prevented having a training class, but a new spirit of cooperation has brought about a class of 30 students, 21 men and 9 women. A class has also begun in Carcha, Coban with 23 students ranging in age from 19 to 65. So thankful for these two new training areas and the participation of these brothers and sisters!

The "traveling seminary" continues in Joyabaj with 17 students who will graduate with a certificate this May. As well, the program in Samococh, Coban continues with 14 students and in Sacoj, Coban, with 22 students. In total, 106 leaders are being strengthened and encouraged in five communities, almost double over last year! We are so thankful for our small team that faithfully travels to each of these communities on a rotation every month.

### **Aviation Ministry is Growing**

Eri Alas has done an amazing job organizing this ministry to be self-sustaining. Paid flights cover the expense for emergency and ministry flights. We have also been blessed by the donation of a plane from MAF. God has provided two new volunteer pilots to serve alongside Eri.

Thank you OCM for your constant encouragement and support.

## **Noel Du - Thailand**

**Mission & Ministry:** I am serving alongside missionaries Mak & Narola Sanglir in Nan, Thailand. Our target group is the Hmong people who have a religious heritage of spirit

worship. Our weekly ministry is at Kathy's Home (Pua), a Christian dorm that gives the Hmong children (grades 1-12) a place of stay in town so they can receive higher quality education at the public schools and learn about the Gospel of Christ. We disciple, train up, and care for the children holistically as their "home-away-from-home" during the school year. We teach the Bible, have English nights, and host STM teams who do English Camps and/or VBS with our children. On the weekends, we visit the Hmong villages in the mountains to minister to the churches and families.

**The past year:** Since launching last July '23, I was at KH for half a year, getting involved in the workings of the daily schedule & ministry, building relationships with the children & houseparents, and going through an online missionary training program with Global Frontier Missions. I moved to Bangkok to study Thai at language school from Feb '24 through Sept. In that time, I reached out to fellow classmates, sharing my story and the Gospel where God opened doors. God blessed me with a vibrant local church community where we mutually encouraged and counseled one another. I will be back at KH full-time this November.

### **Prayer requests:**

1. Pray for Noel's Thai language ability to continue to grow as she transitions back to KH, for a spirit of communication, and for favor among the people. Pray also for perseverance as she continues her online missionary training program, and that it will bear fruit.
2. Pray for Noel's continued spiritual formation and experience of God's provision and care through brothers & sisters around the world. Pray for her holistic health (physical, mental-emotional, spiritual, relational) as well as for her loved ones in NYC.
3. Pray for God's grace and protection against spiritual warfare, disunity, and other harm that may come against the ministry, villages, and Gospel workers.

## **SUDAN**

The conflict in Sudan is still going on. Many people have fled to neighboring countries. We have lost a lot of those who were involved in our church planting efforts, and twelve house fellowships have had to stop meeting because of the war. We would appreciate your prayers for this situation, and all those believers involved!

## **Palestinian Refugees in Egypt**

Since the beginning of the war between Israel and Palestine, Egypt has been receiving many Palestinian refugees, many of whom have been injured in the conflict. During the past month, 120,000 have arrived in the country.

Some very well known Muslim leaders have been going to the hospital where many of the refugees are treated. These men offer to help with the cost of the treatment if the women will marry them. Many of these refugee women have agreed to marry these community leaders in order to cover their expenses.

One of our ministry teams here went to the same hospital to help, and to share the good news with Palestinian refugees. When B asked one family about their needs and ways that he might help, they told him the cost of their treatment. B was able to pay the medical debt for that family. One of the women of the family, Seham, asked “Do I need to marry you for paying my medical cost?” B said, “No, I’m not asking you to marry me! I just want you to know that Jesus loves you very much, and he is the one providing for your medical bills.”

Seham asked, “Why you are helping us? Why are you behaving differently from the Salafi Sheikhs who insist that we marry them before they will help us?” B opened up his Bible to share with the family. They were very interested and asked many questions.

This family brought 88 other families to B for help with their medical needs. This is a great opportunity to bring the love of Christ to the Palestinian refugees in Egypt.

### **Prayer requests:**

- For our media campaigns in the Middle East and North Africa.
- For our discipleship program for new believers, that God will use this to bless many people.
- For members of our ministry teams; we have two women undergoing cancer treatment. Both are married with preteen children. Please pray for their healing!
- To see continuing church plants among refugees from Sudan, Palestine, and Yemen.
- For Moheb and the church planting efforts among the many refugees in the big city.
- For the war in Sudan, and the many displaced people, especially new Christian believers.
- For our church planting members who are facing health challenges. Please pray for our sister “R” who will be having surgery next week.
- For our ministry teams, one who will be going to Lebanon to minister to Syrian refugees at camps, and the other to Chad to serve there for two weeks.
- For the media ministry’s new campaign to reach Arab women.
- For our international Media team as we gather for planning, evaluation, fellowship and training in the Middle East. People will come from eight countries. Pray for the presence of God and guidance from the Holy Spirit.
- Please pray for Danny and Katy as they work through life!
- For Katy to have peace of mind as she continues her college education.

**Xu and**  
**Melody Yu**

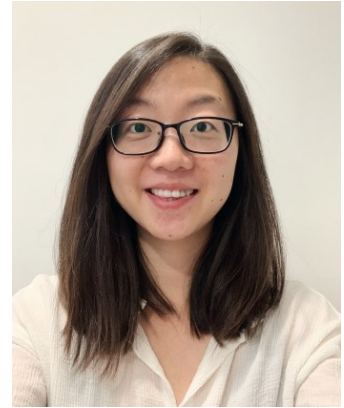

At the end of July, our family moved to Nottingham. Although we were anxious, God's guidance has been so real. From the very beginning—finding a meeting place, renting a house, enrolling the children in school and nursery — we experienced His provision at every step. This made us more certain that we are walking in God's will, and our faith has gradually been built up.

However, church planting is truly not easy, especially with three young children. From the beginning of sharing the vision and building a core team, to now, with weekly Sunday service, midweek gatherings, and various visitations, everything had to start from scratch, and we have had to figure things out little by little. While we did gain some experience from previous ministry, we have found that many of the situations we face now cannot simply rely on past experiences. This has made us deeply realize the importance of relying on God. In everything, we can only rely on the Lord, and we can only draw close to Him through prayer.

After nearly two months, our weekly service attendance has stabilized at around 20 adults and 7-8 children. Previously, we didn't have much involvement in Kid's Sunday School ministry, but now, in addition to regular preaching on Sundays, we also take turns leading Sunday School. In fact, many times, making God's Word understandable to children through the same Bible passage is no easier than preparing a message for adults. But we are very grateful that during the preparation process, God often humbles us. Through serving in Sunday School, we continue to experience Him, we also see God's miraculous work in the lives of the children.

1. Praise the Lord that Nottingham Chinese Gospel Church has already held several Sunday worship services. The ministry team is gradually taking shape. Pray for the Lord to work, build up co-workers, and build the church for His glory.
2. There are many members in the church who are weak physically and spiritually. Pray for the Lord's healing and protection.
3. For our monthly preaching and Sunday school ministry, pray that the Lord will grant us His Word. Use us to bless the adults and children in the church to know God more.
4. As the University student fresher's season approaches, the church will be launching a series of welcome and outreach activities. Pray for the Lord's guidance, that we may meet those who are seeking, and help them come to know the truth.

**Updates and Prayer requests:**

**1. Oasis London Welcome Events**

Praise the Lord for the past month! We held several welcome events, including two Mid-Autumn Festival mooncake-making sessions (video on highlights), a Freshers' Fair booth display and flyer, a cultural event with English afternoon tea, and a welcome night with campus life tips. These events allowed us to connect with many new students, as well as returning students. Please pray for these students to settle well. For Christian students, that they find a spiritual home here. For non-Christian students, that they continue returning and are drawn by the love of Christ within our community, and that their hearts remain open to God's truth.

**2. Workshop on October 16**

I will be leading a workshop on how Jesus has influenced all spheres of society throughout history, which will serve as an introduction to Christianity for non-Christian students. Please pray that this topic will spark their interest and curiosity about our faith and encourage them to think more about their spirituality and worldview. Also, pray that God gives me wisdom as I prepare.

**3. New Sermon Series on Moses**

With the new semester, we will start a sermon series on Moses, exploring how God shaped him, led him, and used him in His mighty saving works. Pray that students, especially in times of uncertainty, will be encouraged by this series to trust in God's leading and guidance. May their hearts be open to receiving God's words.

**4. Oasis Weekend Away (November 1-3)**

Oasis London and Oasis Manchester, two student churches, will gather together for a weekend away at COCM. It will be a time of fellowship, bonding, teaching, and reflection. During this weekend, one student from Oasis London will also be baptized during the Sunday service. Please pray for this special weekend and for all who will attend.

We are very grateful that after stepping out of our comfort zone and responding to the Lord's call to come to Glasgow, we have increasingly felt that the entire harvest field of Scotland is very large. Taking Glasgow as an example, in addition to about 8000-10000 students coming from mainland each year, there are also many settled families. One of the Chinese schools in Glasgow has 63 Mandarin classes, indicating that there are 1000+ school-age children and teenagers who speak Mandarin, and by a conservative estimate, there are also 600+ Mandarin families. At present, throughout Scotland, besides us, there might be only one other church offering Sunday services in Mandarin.

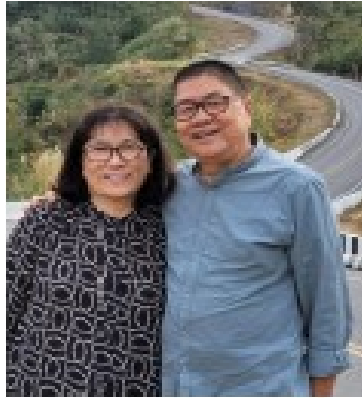

**Prayer requests:**

1. We give thanks that the GCGC has now held eight Sunday services, the serving team is getting used to the existing routines, and a new community is taking shape.
2. Please pray for every Wednesday's video course "Establishing a Harmonious Church Culture." May God work in the hearts of all who attend, fostering humility and an honest confrontation with one's own vulnerabilities, hoping for personal transformation to more closely mirror the likeness of Jesus.
3. We are grateful that the Friday night Chinese Alpha Course has been underway for four weeks, regularly drawing in 10-15 attendees, including 4 seekers and 3 Christians currently unaffiliated with a stable church community. May God profoundly work within this space so that all those who seek will indeed find.
4. We are approaching an Alpha Weekend on the 25th of May and ask for prayers that all registrants might participate without obstacle and that their hearts would be receptive to repentance and faith in our Lord.
5. Please pray for Tim who is tasked with delivering sermons on at least three Sundays a month. Rosie also needs our prayers as she leads a stable group of three families and 6 children in Sunday school almost every week.
6. Additionally, please uplift in prayer H, a young working adult who is battling feelings of depression.

# Kathy's Home

Loving The Least

## Mak and Narola Sanglir: Thailand

The Lord brought 36 children to Kathy's Home this new school year which started in May. They attend 3 schools in our district, kindergarten through grade 12. We count it as a blessing to have this opportunity to teach the word of God during these formative years of these young kids. Please pray with us that they may open their hearts to the Lord as we teach His word. Many of them came from demon worship families, some from broken homes, single mom and in fact two of their parents are the head shaman in their villages. Pastor Suchat from Maesanan was coming faithfully to Kathy's Home to teach Bible to the kids, Monday to Tuesday. Some of you may remember that he was a student at KH since grade 7 and God brought his family for full time ministry back to the village. We sent his family to the New Tribes Bible School, 12 hours west of Nan, close to the border of Myanmar. Before the end of school year in March, Suchat shared with us that him and his wife are praying to help at KH Monday through Friday instead of working in their rice fields which is normal life back in the village. The church was happy to send them with their prayers and blessings as their missionary to KH.

### Prayer requests:

1. Pray for more coworkers for Kathy's Home and the Hmong ministry in the villages that they will hear the call of God with commitment to serve the Lord.
2. Pray for KH alumni who are serving in the churches, schools and other jobs that they will continue to be a light for Jesus and not compromise with the world.
3. Pray for a breakthrough in the hearts of the young kids at KH that they will open their hearts to the Lord as we teach them the word of God.
4. Pray for the college students that they will grow in their walk with the Lord and salvation for those who have heard the gospel and haven't responded to Christ as their savior.
5. For good health as we mentor the house parents, kids at KH and the church families in the villages.

## **Pastor Samir & Jaya Sinha**

Pastor Samir Sinha is the founder of Bagdogra By Grace Ministries serving unreached people groups in West Bengal and Assam in Northeast India. Recently, Pastor Samir visited Bengali house churches, to encourage and to teach them God's words on living a holy righteous life. Please pray for the Bengali community to grow and for the openness of this people group. Their work in the rural areas are expanding and the need for more church planting and funds. Please pray for their church and land and helpers needed for this ministry. May God open more paths and hearts of this unreached people group.

By the Grace of God this year we able to arrange a one-day get together annual meeting at Bagdogra by collecting funds. We invited all our By Grace Church believers from our different churches and Church Planters and it was a blessed time we spend with God. Praise God our Believers and church planters welcomed me respectfully with a sweet tribal traditional song with dance and that I am blessed. We are very much thankful to God for His great work what he has done in our lives, so we are very excited to share this with you all. By the grace of God and with the help of the Holy Spirit we able to arrange this meeting by collecting funds from our believers and church planters, we had a Great blessed time. God led our worship team to worship very powerfully; God filled me with the Holy Spirit very powerfully to share the Word of God. We all have spent a blessed time and with food.

We all prayed and agreed to work faithfully for the Kingdom of God, and co-operate with each other to grow spiritually, prayerfully, mentally, and in a healthy way with a cool mind for the Kingdom of God. This is the result of your Prayers.

The work into the rural areas is expanding like visiting mission field, arranging meeting, inviting our church planter's- and for the food because now our work responsibility is increasing we need ministry so please pray for our finance and Godly wisdom that we can manage the funds.

## **Peter and Subana Sodema**

Myanmar is currently in turmoil. The country is in a civil War, and facing floods caused by the Monsoon season. By the grace and mercy of God, Peter and Subana are thankful to be alive and all of their church members are safe. Sadly, people in their community have died and lost their homes. They are currently facing many difficulties as a result. Material wise, there is no phone line, no electricity, no Internet, no petrol for bikes or cars. Their focus now is on caring for their members' spiritual, mental, and physical needs.

### **Prayer request:**

Please pray for their safety and for peace to return to the country.

## Missionary serving in Southeast Asia

### **Recent updates:**

- Just had a wonderful two-week ministry trip to the South for several preaching, teaching and meetings.
- Invited to speak in a 50th anniversary mission conference of a Chinese church with about 300 people attended. My topic was on cultures and missions.
- We just launched the Chinese version of the prayer booklet for the Chinese believers praying for the nation and people.

### **Prayer requests:**

- Pray for the Chinese believers to overcome fears so they can reach out to the majority people.
- Pray for the Lord to release the three strongholds for the majority people, politics strongholds, religious strongholds and cultural strongholds so they have the freedom to hear the good news and to follow Jesus.
- The Chinese believers is able to use the launched prayer booklet praying for the nation and people.
- Pray for my new semester studying which I will continue my research and studies about the local cultures. Please pray for wisdom and strength to continue on this essential part of our works here.
- Our family are doing well. Our eldest daughter, just found a job in a church; she is going to get married in spring next year. The two younger children are enjoying their schooling. One is preparing for her coming high school exam next year. Please pray for all the kids growing to know Him and make Him known

## **Eileen and Hector Liu** **Chinese Gospel Broadcasting Center**

In the early 70s, Eileen and Hector Liu, professionals working in the United Kingdom, were convicted to bring the gospel to the local Chinese families, with the husbands working in restaurants or grocery stores and the wives sewing in garments

factories or caring for the children at home. Employing audio media tools such as cassette tapes, we recorded the gospel message in their dialects. That enabled even the English-speaking Christians to minister to the older Chinese residents.

Throughout the 80s and 90s, CGBC produced programs and gospel tracts in various Chinese dialects. These were widely used for community outreach, short-term missions of churches, as well as carrier missionaries all over the world. In addition to New York City, we established subcenters in Sydney, Toronto, as well as Vancouver. The programs were also used for local radio broadcast. In addition, we sought to reach elderly long-term care patients in hospitals, illegal immigrants from China in prison or detention centers, and Chinese working on ocean liners and deep sea fishing fleets.

By 1999 we were able to change from cassette tapes to Internet broadcast. The production team moved to Asia to continue our mission in the Mainland and Hong Kong. For the next 20 years we maintained our webcast via CGBC.net from our office in Hong Kong. The Lord surprised us by enabling us to reach out to remote villages, as well as specific people groups such as blind students in special schools and blind graduates working in massage parlours, along with a global audience.

### **2024 Update**

In the summer of 2024, we passed the baton to a group of young workers and returned to New York Long Island. The mission is moving forward thanks to God's grace and their dedication and creativity. Currently we are using YouTube in addition to our webcast CGBC.net.

### **Prayer requests:**

1. The political climate in Hong Kong has changed drastically since 2018 and we needed to make adjustment. Please pray for protection and financial provision for the workers. Give them wisdom and courage to face challenges.
2. We are discerning the next step for the structure of CGBC and the website CGBC.net. But our mission is unchanged.
3. Praying for Spanish speaking volunteers to join if we are going to have one more broadcast channel online in Spanish.

## **Boaz Tingson**

2024 has been pretty fruitful year of ministry. We were able to have a weekly in-person gatherings at Stony Brook for graduate students this year. Our weekly gatherings included having a meal together, scripture study, prayer time, as well as learning to flourish together as graduate students. This summer, our staff team gathered to study the sermon on the mount (Matthew 5-7). We explored Jesus' declaration for the Kingdom of God. Longing to seek God's kingdom first, and letting that overflow to our relationships, communities, and our work on campus with students and faculty. We longed to discern how to move forward boldly and lovingly as members of God's kingdom, while navigating the many hard questions we (staff, students, and faculty) face on campus. Our focus this fall will be to hold to God's standards for His Kingdom, while also engaging winsomely with the tensions we face across the world and our campuses.

### **Prayer requests:**

- 1) Favor on campus at Stony Brook as we seek to become an official Graduate Christian Fellowship student group on campus.
- 2) In August I was promoted to become the new Associate Area Director for Graduate and Faculty Ministry in Metro-NYC (which includes NYC, parts of North New Jersey and all of Long Island). Pray for wisdom as I step into this new role and help lead our team of staff and volunteers to establish and advance witnessing communities across Metro-NYC.
- 3) Pray for our family as we navigate and balance our time with work and with our 3 children at home. Please also pray for our 2 older kids who will both be going to school full time this fall. (Kindergarten and Pre-K)

**Erika Lee**  
**and**  
**Manni Lee**

The first half of 2024 we focused on our commitments to offer ongoing spiritual care to churches and individuals with retreats (3), leadership development series (4 sets of 4-8 sessions spanning minimum 3 months of growing together) and continuous 1-on-1 individual spiritual care and support (30+ sessions). May Lee, one of the founding members of WOW! entered a new chapter of work. We were delighted and encouraged that OCMers and few sister church members attended WOW!'s Refresh silent retreat to be nourished and deepening their relationship with God.

For the remainder of 2024, we will facilitate two different church conferences for their congregation and leadership team. We will be offering 3 different series of hybrid gatherings of group contemplative listening and spiritual journeying experiences for all who are interested, one of which is a women's only group since there was high interest for this form of intimate gathering. We will make more space for storytelling mode of ministry care with believers who are desiring to understand their identity, purpose and calling in Christ. We are developing a new logo and identity that continues to reflect our founding mission and with the emphasis of inclusiveness to both men and women, so that there won't be mistaken perceptions that WOW!'s mission is only for women.

### **Prayer Requests:**

- 1) WOW! We are continuing to build our organizational capacity and hope to grow our team to reach and serve a wider audience.
- 2) Manni Lee: Family care and support has been more demanding and would like more strength and God's provision to help meet needs. More flexibility in engaging with young adult children so as to continue to walk alongside them with faith, hope and love.
- 3) Erika Lee: We are praying for multiplication of growth in my ministry with WOW! and Jeff's pastoral ministry within the church we serve.

**Kenny and Cindy Chau**  
**International Students Inc – (ISI)**  
**transitioning to**  
**Oversea Missionary Fellowship**  
**(OMF)**

This year's focus has been on discipling and equipping Christian students to be disciples who make disciples. Cindy continues to minister to the spouses and families of international students. Lastly, I continue to deepen direct partnerships with local churches. For example, OCM and Vision Church members serve as mentors in our Professional Mentorship Program.

After a decade with ISI, God is leading us to a new season of missions. In July, God instructed me to "talk to OMF first." So we have been exploring Returnee Focus Ministry with OMF International. We will be focusing on international students from East Asia. Cindy and I have been increasing our Mandarin proficiency.

**Prayer Requests:**

- 1) Please pray that we continue to discern and follow the Holy Spirit's leading and timing.
- 2) Please pray that we will prepare well for our next season on missions.
- 3) Please pray for a high school placement that will meet Meimei's needs.

## Min. Audrey Chen

Thank you to OCM and brothers and sisters for supporting the NYCSTM Training Center. Please remember us in your prayers and offerings!

In 2024, the NYCSTM Training Center will continue to work closely with pastors from various regions to fully promote community evangelism and outreach.

**February:** Chinese New Year market evangelism and gospel parade

**May:** Elmhurst Mother's Day Carnival

**June:** Brooklyn Short-Term Evangelism Week and Carnival

**July:** Flushing Combined Evangelism Day

**August:** Jesus Loves Chinatown Short-Term Evangelism Week

**September:** Children's Fun Day

The NYCSTM Bookstore is an evangelism specialty store that provides various evangelism resources for churches and believers to order. Each month, we publish a newsletter, The Truth Report, which is available for free to all churches for distribution in the community, to neighbors, and for believers to read and share with their non-believing family and friends.

On Saturday, September 28, we will hold a Thanksgiving luncheon to celebrate the 31st anniversary of the NYCSTM . Pastors, brothers, and sisters will gather to count the Lord's blessings, receive the vision for evangelism, and rekindle the passion for outreach.

### Prayer Requests:

1. The New York Evangelism Center is currently understaffed. Please pray for God to grant health and strength to our staff and volunteers to share the responsibilities of the center.
2. Pray that the center will soon hire suitable workers for positions such as pastors, administrative staff, IT network, and financial staff.

**Rev. Dr. Grace May**  
**InterVarsity Graduate**  
**and Faculty Ministries**

A dream I had back in college was to join InterVarsity staff. My years in Yale Christian Fellowship (YCF) were so rich that I actually considered the possibility two other times in my life. But I sense God's timing for me is now and have accepted the invitation to serve as a campus minister with Graduate Faculty Ministries in the Maryland/DC area.

After 25 years of pastoring and teaching seminarians and grad students, I believe God has prepared me to focus on Discipleship and Evangelism.

My vision, together with our seasoned IV staff team in Baltimore, is to:

- nurture the spiritual lives of faculty;
- connect faculty to other believers in the academy and the church;
- encourage faculty to see their academic service as a God-given calling; and
- engage faculty in forums that bring light to critical issues in our world.

**Prayer Requests:**

- 1) Partner with me to support this great work through prayer, giving, and other means.
- 2) Connect with faculty and administrators at Johns Hopkins University.
